Arctic Roll!

### Kieronononon's Ice-cream based dessert of the Month

FLOATSTARPX: ice cream in the middle, ponge cake around the edge. bit of am in between. brilliant. ORTA: I heard you could set them on fire and the ice cream doesn't melt. Aaybe scientists should try make pace-ships out of them?

## words of wisdom

Hi, whoah, its issue number 2! You might notice something different about this issue of the Kieronononon Kommunique. That's right – it's got an octopuzz at the top!! Could this be a new logo? Maybe! So "three man party" hey? Still an awesome EP, still new. Still worth checking out!

## what's new?

One of our favourite fans and longtime lover of Kierononon <u>Raphael Cruz</u> has been hard at work on some amazing Kieronononor artwork, we've seen sneak peaks at it and we're totally bowled over! Skillz. He's the guy who did our original zombie killer Kierononon artwork you can see on <u>our site</u>

mail us your questions, pictures and other random crap to <u>band@brutaltechnopunk.com</u>. We'll choose the best of the bunch and reply to them in the next report. All featured e-mail writers will receive a free thing! It will probably be a copy of our **new EP**, but it might also be (if your e-mail is very good) a **Kieronononon t-shirt** or similar.

#### Q: "Dear Kieronononononononononon: When can we, your long term fans, expect you to get big so we can start telling people we were there when they were still hardcore, before they sold out? Also, what is the band's position on auto-erotic asphyxiation?" Yours in Christ, Cameron

COATBOY: This is very likely as we are the most brutally techno punk band ever – and where there is a need there is a provider – expect big things in the next year and a half – we can sign your cock if you like. Regarding AEA – Usually dangling from a light fixture with a tube of lube in one hand and a lava lamp up the sphynx.... that is the usual position right guys?

ORTA: I'd say if you actually read the Komm issue one you're probably an old skool fan already. But hrm, I reackon we'll get to sell ourselves out someday pretty, soon, I keep hearing how brutaltechnopunk is the next big thing. So being oldskool would probably mean you saw the first issue when it was released.

FLOATSTARPX: For aspyxi-wanking, we have a particularly good tutorial video which you can watch here.

#### Q: "true/false? Goat-boy once took a dump in his room, then pissed on his laptop." -J. Twiddy

COATBOY: Now this question is shrouded in mystery. Goat has believed for the past two years that he probably did take a shit

in his room and piss on his laptop - however, meditation on the matter has led him to a different conclusion. There is a toilet adjacent to his bedroom in Hastings - so it is likely that someone came from downstairs and mistook his room for the toilet, shat on the floor and pissed everywhere - he is totally willing to accept that it was him, if not for the total lack of recollection, and the implausibility of him mistaking the room he was already in for the toilet that was next door

FLOATSTARPX: Yes, he did take a dump in his room. Yes he did piss on his laptop.

COATBOY: In short - there was shit on the floor and piss on the laptop - the source of which is as yet known...

I hope this clears the matter up - like he did the next day 2 hours before setting off to Hull and with one of the worst hangovers ever

ORTA: I think he means yes then. orta also approves of the third person perspective he wrote in.

#### Q: "Kierononononon: I hear you British guys only drink tea and warm beer is this true?" - Raissa Soares

ORTA: Tea's alright, I prefer a sugar-shot of hot chocolate though personally. A good Rich Tea biscuit and a cup of assam is hard to beat in the morning though. Also, I feel I should pimp out Rock Star energy drink as I'm living on the stuff at the moment.

FLOATSTARPX: stop pimping branded products dude, we need to save that for when we sell out - Cameron thinks this is due soon coatboy: orta's never drunk a beer, and if he says so he's a liar. he's never even talked to a girl!

FLOATSTARPX: Goatboy is right. ...and to answer your question - yes, those are actually the only two drinks available over here.

#### Q: "WHAT UNDERWEAR DO YOU GUYS JAM IN?" -DOP SPEE

окта: purple speedoes? соатвоу: I 'm currently sporting a pair of blue patterned tight leg boxers. FLOATSTARPX: I'm currently without underwear, but usually while I'm with the guys I do my best to wear some.
